Top Tips!

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You do not need to practise them all at once; perhaps you could have a fact of the day? If you would like more ideas, please speak to your child's teacher.

Use practical resources -

- Counting objects around the home, making piles of 0, 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 and then counting them in order to 10 and back... use sweets, lego, fruit, stones, leaves etc
- Looking for numbers up to 10 around the home and when you are out and about... can they count on or back from that number?
- What can they do in 10 seconds? Take it in turn with your child to count while the other performs the task, e.g star jumps, building a lego tower etc
