

## Key Instant Recall Facts Year 1 – Autumn 2

### I know number bonds for each number to 6

By the end of this half term, the children should know the following facts. The aim is for them to recall these facts **instantly**.

$0 + 1 = 1$	$0 + 4 = 4$	$0 + 6 = 6$
$1 + 0 = 1$	$1 + 3 = 4$	$1 + 5 = 6$
	$2 + 2 = 4$	$2 + 4 = 6$
$0 + 2 = 2$	$3 + 1 = 4$	$3 + 3 = 6$
$1 + 1 = 2$	$4 + 0 = 4$	$4 + 2 = 6$
$2 + 0 = 2$		$5 + 1 = 6$
	$0 + 5 = 5$	$6 + 0 = 6$
$0 + 3 = 3$	$1 + 4 = 5$	
$1 + 2 = 3$	$2 + 3 = 5$	
$2 + 1 = 3$	$3 + 2 = 5$	
$3 + 0 = 3$	$4 + 1 = 5$	
	$5 + 0 = 5$	

#### Key Vocabulary

What is 3 **add** 2?

What is 2 **plus** 2?

What is 5 **take away** 2?

What is 1 **less** than 4?

Challenge your child to answer missing number questions,

e.g  $4 + \square = 6$  or  $\square = 2 + 3$  or  $\square + 1 = 5$

#### Top Tips!

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You do not need to practise them all at once; perhaps you could have a fact of the day? If you would like more ideas, please speak to your child's teacher.

#### Buy one get three free -

If your child knows one fact (e.g  $2 + 3 = 5$ ) can they tell you the three other facts in the same fact family? (e.g  $3 + 2 = 5$ ,  $5 = 2 + 3$ ,  $5 = 3 + 2$ )

Make a poster – We use Numicon at school. You can look at the Numicon shapes here [www.bit.ly/NumiconPictures](http://www.bit.ly/NumiconPictures) Can your child make a poster showing the different ways of making numbers to 6?
