Science

Animals, including humans

- Identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat.
- Identify that humans and some other animals have skeletons and muscles for support, protection and movement.

RE

Called by God

The Old Testament Prophets were called by God to give his message to the people.

The Prophets were telling the people to turn back to God and mend their relationship with him. This is the beginning of God's salvation plan.

God calls people today, and their lives are changed as they respond in a variety of ways e.g. ordination, ministry in the local church or missionary work abroad etc.
